

9th and 10th grade Tutorials

This year, all 9th and 10th grade students failing one of the courses listed below will be assigned to **mandatory tutorials** starting the week of September 22nd. Tutorials will be held during the first 20 minutes of their lunch period. Lunches are scheduled for 50 minutes, so that students may attend tutorials for 20 minutes and still have a 30 minute lunch period.

The courses identified for mandatory tutorials are:

Algebra I
Geometry
Biology

English I, II, III and IV
World Geography
World History
Spanish I & II

Note: Students in Pre-AP and AP levels of these courses should make tutoring arrangements with their teacher.

11 and 12th grade Tutorials

Students in 11th and 12 grades who are failing one or more classes will be expected to attend **two tutorial sessions per week** until all classes are being passed. It is the responsibility of each student to contact their teacher in order to set up tutoring before school, after school, or during their lunch time. The student must have their tutorial teacher sign their tutoring log in order to verify they have attended the minimum tutorials required.

Tutorials may be waived by the teacher once the overall average for the class is above passing.
