

## Steele 2021 AP Exam Fees

### AP Testing

**\*Be sure to Select the Correct AP Test\***

#### Important Reminders for Parents and Students:

1. Before paying, confirm that the student has said Yes to testing in their AP Classroom profile. The only way to "order" a test is through AP Classroom. (<https://myap.collegeboard.org/login>)
2. MySchoolBucks is how you "pay" for the exam that is already ordered. See above to order.
3. To avoid late order fees, tests must be ordered in AP Classroom by November 1 for all courses that the student is enrolled in for the fall semester.
4. Spring semester only courses (govt/eco) can be ordered and paid for in January when semester 2 begins. Your teacher and the AP Coordinator can give you the spring join codes now if you prefer to order in AP Classroom now.
5. Tests are for students in AP courses only taking AP exams. Honors is NOT AP -- it is the preparatory class for future AP/DC.
6. Non-AP students choosing to take these tests need to see the coordinator or Mrs. Corbett for the AP Classroom join codes to place orders.

**Select "Make this payment automatic" if you would like to set up a payment plan.**

**See Mrs. Corbett in Room G245 for questions.**

**(fees are non-refundable)**
