If no eligible candidates are available, the duties of the vacant position will be dispersed amongst the remaining Officers.

### **Article XI: Extracurricular Code of Conduct**

#### Section 1

SCUCISD provides comprehensive extracurricular programs for the benefit of district students. The underlying belief is that participation in extracurricular programs provides students the opportunity to learn and develop responsibility, dedication, leadership, work ethic, discipline, tenacity, respect for

rules, respect for authority and many other positive qualities. Regulations are established to promote these qualities and to help build and maintain high quality programs. All participants must understand that some of the expectations for students involved in extracurricular activities exceed the expectations for the general student body. These students are expected to follow district policies and all program-specific guidelines and procedures set by the Directors/ Sponsor(s), school, district, University Interscholastic League, and state. Violations of the rules will result in corrective and/or disciplinary action. The facts and circumstances will be taken into consideration when determining consequences for rule violations. It is the desire of Directors/ Sponsor(s) to educate and counsel our students on the harmful effects of a violation of the Code of Conduct and the potential consequences inflicted upon themselves, their families, and their respective teammates should they choose to breach the Extracurricular Code of Conduct. It is also the intent of the Extracurricular Code of Conduct to provide a clearly defined course for our students to follow and instill a belief that a onetime infraction need not result in a permanent pattern in life. In all instances of an alleged violation of the Extracurricular Code of Conduct the student will be provided due process. The process for determining a violation of the Extracurricular Code of Conduct will be established by the Directors/Sponsor(s) in conjunction with school Administration. Any student involved in an extracurricular activity who is found to be in violation of any of the infractions mentioned below will face disciplinary action.

1. No extracurricular participant shall, while on or off school premises, use, possess, distribute or be under the influence of tobacco.
2. No extracurricular participant shall, while on or off school premises, sell, give, deliver, use, possess or be under the influence of alcohol.
3. No extracurricular participant shall, while on or off premises, sell, give, deliver, use, possess, or be under the influence of any controlled or illegal substance.
4. No extracurricular participant will be involved in theft on or off campus.

## Section 2

Maintaining a higher standard of conduct will also include ensuring that Steele's extracurricular participants' personal electronic communication is appropriate. The internet is a worldwide, publicly accessible form of communication. Any communication including, but not limited to, Snapchat, Twitter, Facebook, Instagram, blogs, photo sharing, inappropriate texting that is published or appearing on the internet is public domain even if it is marked private. Extracurricular participants will be held responsible for their texts and other electronic communication on the internet through their personal websites as well as posting on other students' websites. The areas of appropriateness will include, but are not limited to, language (abbreviated or alluding to negative, lewd, vulgar or obscene comments about any individuals and/or any extracurricular programs), pictures, suggestive poses or clothing, and reference to alcohol, drugs, or tobacco. Published communication on the internet or by electronic means by extracurricular participants which cause disruption or damage to any school property or equipment are also considered unacceptable behavior. Any member of an SCUC ISD extracurricular program who is involved in posting comments, pictures or statuses on any social networks such as, but not limited to, blogs, Snapchat, Twitter, Instagram, or Facebook which are inappropriate, disruptive, negative, lewd or obscene may result in suspension or dismissal from the extracurricular program. Students must remain aware that being a part of an extracurricular activity is considered an honor and a privilege and not a right. Therefore, it requires observance of all discipline policies whether or not a student is at school or school-related activities. The discipline consequences

for violation of the Extracurricular Code of Conduct may include suspension or dismissal of the student from the extracurricular program. A behavioral contract may be used following any infraction of the rules and regulations set forth by the extracurricular program or the Extracurricular Code of Conduct. Consequences for some rule violations may be addressed by Directors/Sponsor(s) through discipline within the extracurricular program. Additional disciplinary consequences may also be imposed by the appropriate school officials for conduct or behavior that violates the District's Code of Student Conduct.

## **Article XII: Removal from Office**

Officers may be dismissed from their position if they do not maintain the qualifications set forth in this constitution, Expectations and Responsibilities, neglect Duties as an Officer, violate the SCUCISD Extra-Curricular Code of Conduct, and as specified under Requirements for Maintaining Officer Position.

## **Article XIII: Veto Clause**

Any action that needs to be taken concerning a situation not covered by this Constitution or, in extreme cases, in opposition to stated policies will be the responsibility of the Sponsor(s), with consultation of the administration when available. Each student violation of this Constitution or the Extracurricular Code of Conduct is reviewed on a case by case basis by the Sponsor(s) and Administrator when necessary.
