- ★ High-Performing and Engaged Workforce
- ★ Highly Satisfied Students, Parents and Community
- ★ Efficient District and Campus Operations

Dear Parents and Student-Athletes,

The purpose of this letter is to give you a quick update on the progress of our Strength and Conditioning/Sport Specific Camps in SCUC ISD. We are currently in week 3 of camp. Our camp participation has been tremendous! We have over 900 7-12th graders getting bigger, faster, and stronger in SCUC! Our coaches and staff have worked tirelessly to provide meaningful camps with processes in place to protect our kids and staff members. As of today, we have zero known positive COVID-19 cases among our participants or staff members. We have had a few participants who believe they may have been in contact with someone who had symptoms or tested positive for COVID-19. Those participants have been encouraged to get tested or self-isolate to see if symptoms appear before returning to camp. Should we have a participant that tests positive for COVID-19, here are some the precautions and steps (recommended by UIL/TEA) our campuses will take:

- I. *If a positive case is identified among staff or students, the group to which the staff member is assigned and in contact with, must be removed from the session. All members must self-isolate for 2 weeks*
- II. *If confirmed individual regularly had close contact outside a single group, then all students/staff with whom confirmed individual had close contact with shall be removed from session for 2 weeks.*
- III. *In the case of the individual who was diagnosed with Covid-19, the individual may attend when all three of the following criteria are met: 1. Three Days have passed since recovery (resolution of fever without fever reducing medicine) 2. The individual has improvement in respiratory symptoms (cough, shortness of breath, etc.) 3. At least 10 days have passed since symptoms first appeared*
- IV. *If the individual has symptoms that could be COVID-19 related and wants to return to work before the completing the above self-isolation period, the individual must obtain a medical professional's note clearing the individual for return based on an alternative diagnosis.*

Additionally, we have not been released by UIL to move forward with our traditional school-sponsored summer sport camps that we have always offered our youth in SCUC ISD. We hope that we will be able to offer those in July. I would like to thank you as parents and student-athletes for your trust and your communication during this unprecedented time. We would like to encourage you to keep lines of communication open with our coaches and to take precautions, outside of our camps, to prevent any spread. Let's continue take precautions now so that we can get back together and compete this fall!

Sincerely,

Scott Lehnhoff

Athletic Director-SCUC ISD
