Parent Transition Survey Secondary

Dear Parent/Guardian:

Schertz Cibolo Universal City ISD needs you to participate in the transition planning process for your student. As students move towards graduation, it is important to begin to plan for their future. The transition plan and survey will help identify future goals and ways to support students in teaching these goals. Please take a few minutes to complete the survey and return it to the Special Education monitoring teacher on your student's campus. For more information on transition, please visit www.transitionintexas.org or on our website under the department of special education.
